

April 12, 2011

Stormwater Team Meeting: 3:30 pm – 4:30 pm

Present:

Doug Lovejoy, Mike Zwanziger, Wendel Reece, Paul Meyermann, Brent Richmond, Rob Conway, Dennis Nieman, Eric O'Brien.

Regrets:

Emily Borman, Keith Reid, John Mirchich, Dean Shoars

Doug Lovejoy described upcoming projects involving permeable asphalt at the North Dome parking lot and permeable pavers in the North Towers parking lot.

Wendel Reece explained where we are in the application process for renewal of our NPDES Permit.

Rob Conway explained his involvement with the Stormwater Management project on campus:

- Storm drain intake location and mapping
- Storm drain intake decaling and labeling
- Storm drain outflow location and mapping

Paul Meyermann outlined the project involving base line modeling of stormwater runoff and pollutant levels on campus. He also described what “stormwater bio-retention cells” were and how they were constructed.

Wendel Reece

University Safety Manager
